

# TRENZSEATER

---

## ATELIER DOOR LEVER

---

The TRENZSEATER Hardware collection is made from solid brass and features exquisite knurling detailing in brushed brass, oil rubbed bronze and matt black finishes.

Having well-appointed HARDWARE is a small detail that makes a big difference to the interior of your home, whether it be for kitchens, wardrobes, doors or cabinetry, it is an essential design element you can't forget. The TRENZSEATER Hardware collection is an example of TRENZSEATER's attention to detail that we pay to every aspect of your home.

### TECHNICAL INFORMATION

---

Finishes: Brass, Oil-Rubbed Bronze and Matt Black

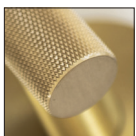

Knurling to full length of handle

Recommended for door thickness 35-55mm

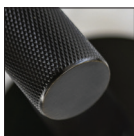

Supplied with M4 bolts to attached through door and with latch and plates for door jam

### FINISHES

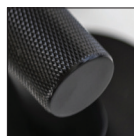

---

Brass

Oil-Rubbed Bronze

Black

**Please note:** OIL-RUBBED BRONZE is a 'living finish'. This means, the more you use this oil-rubbed bronze product the more the base brass metal will show through. In short, this product will age beautifully with you.
